

# Waterfed Deck Scrub

Series 7041

## Waterfed Feature

Allows water to flow through the brush for use with a waterfed system

## Use with Euro-thread Handle

Attaches to any length Euro-thread handle to fit the application

## Short, Stiff Bristles

Ideal for scrubbing stubborn food particles and sticky substances

This is a waterfed deck scrub that may be used in a waterfed system or with a standard Euro-thread handle.

## Waterfed Deck Scrub

7041

This is an extremely stiff, short-bristled waterfed scrubbing broom. When dirt is stubborn and sticky, this deck scrub can withstand heavy downward force from the user. Its small size makes it ideal for cleaning in narrow spaces.

### Specifications:

Length : 10.75"

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
