

SHOWA

707HVO

Crafted with SHOWA's revolutionary Eco Best Technology® (EBT), SHOWA 707HVO blends the best of disposable and chemical resistant technology to deliver optimum fit, feel and comfort while protecting against chemicals.

FEATURES

- Unsupported, unlined, biodegradable nitrile
- Engineered with EBT
- 9 mil thick (0.23mm)
- 12" long (305mm)
- Rolled cuff
- Bisque finish on palm and fingers
- Chlorinated for ease of donning and doffing
- Hand-specific form

BENEFITS

- Thin, light glove that fits like "second skin"
- Protects against oils, hydrocarbons, grease, and abrasion
- Fluorescent orange color increases visibility
- Long-lasting grip
- Impermeable for working in damp or greasy environments
- Cuff prevents dirt from entering the glove
- Easy to put on and remove
- Lint-free and dust-free

[USER INSTRUCTIONS

Protection against mechanical risks, with electrostatic properties. Do not use where there are chemical, electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light. All clothing and shoes worn with the glove with electrostatic dissipation properties must also be designed taking the electrostatic risk into account.

[DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
