

Kanban Extended Label Holder

Turn any bin storage system into a complete Kanban system!

- Slide out the orange flag to indicate that the bin needs refilled
- Label holder can be installed facing upward to view on low shelves or downward for high shelves

Install on the bin with the label area facing upward for viewing on low shelves or louvers.

Install on the bin with the label area facing downward for viewing on high shelves or louvers.

Brightly colored Kanban flag clearly indicates contents need refilled, even from a distance.
