

Scrub Pad- Coarse

Series 5523-10PK

REMCO

Easy Attachment

These pads easily clip into a handheld scrubbing tool or a floor tool to scrape clean the toughest messes

Coarse Polyester Fibers

These fibers allow workers to easily clean floors and sturdy surfaces with stubborn grime

This pad is tough on stubborn dirt and grime, especially on floors. This pad pairs with the floor tool (5500x) to clean tough messes on poured concrete or tiled floors. The Coarse Scrub Pad also fits the hand scrubbing tool (5510x) to remove stubborn messes from work benches. The Coarse Scrub Pad isn't recommended for use with materials that easily scratch, such as stainless steel.

Scrub Pad- Coarse

5523-10PK

Available in brown only

This pad can be attached to a handheld pad holder (5510x) for superior control. The pad can also be attached to a floor pad holder (5500x) with a handle to easily access otherwise difficult to reach areas.

Specifications:

Length: 10"

Width: 4.4"

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
