

# The Tiger Series Security Wall Plates

## Wiring Device Cover Plates

Tiger plates are injection molded with a heavy-duty polycarbonate blend and designed for continuous use in high-traffic areas. The molding system eliminates the need for painting and the oversized plates allow for mounting directly into any wall type.

**10 Year Factory Warranty**

### FEATURES:

- High impact resistance/virtually unbreakable
- Protective side impact lip
- Tamperproof fastening system
- Smooth radius corners
- Fast, easy installation
- Manufactured to ISO Quality Standards in the USA

\*Wiring devices not included

**OVERVIEW**

Tiger plates are injection molded with a heavy-duty polycarbonate blend and designed for continuous use in high-traffic areas. The molding system eliminates the need for painting and the oversized plates allow for mounting directly into any wall type. **Manufactured to ISO Quality Standards in the USA.**

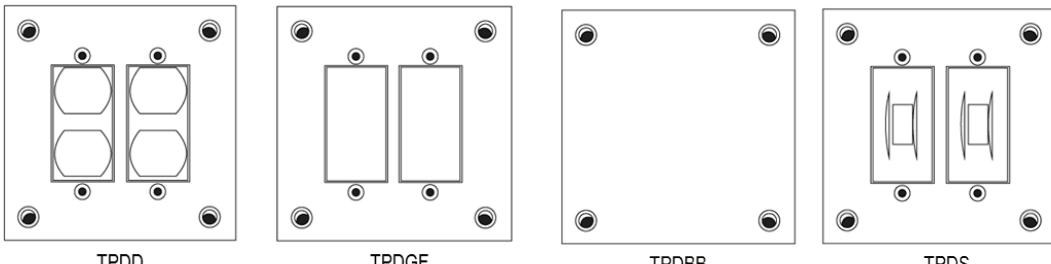

**FABRICATION/MATERIAL**

Injection molded in high strength Polycarbonate, the TP series will not rust or break. Our molding system eliminates the need for painting. All plates are oversized to accommodate mounting directly into any wall type. The oversized design allows for j-box opening and mounting surface imperfections.

- High Impact Resistance/Virtually Unbreakable
- Protective Side Impact Lip
- Tamperproof Fastening System
- Smooth Radius Corners
- Fast, Easy Installation

**COLOR** White**ASSEMBLY** Corner screws - Hardware bit size: T27. Machine screws - Hardware bit size: T15.**WARRANTY** 10 Year Factory Warranty.**MAINTENANCE** Smudge resistant and easy to clean and maintain with damp cloth. Resistant to stains.
