

GRIPS-LITE™

GRIPS-LITE™ All-Traction™ Footwear is designed to increase traction in a variety of slick conditions—from snow and ice to oil and grease.

Molded with a proprietary rubber compound, GRIPS-LITE™ fits securely over all types of work boots, shoes and sneakers. Utilizing a patented dual pull-tab system, GRIPS-LITE™ are uniquely easy to put on and take off.

The sole of GRIPS-LITE™ features bands of sandpaper-like aluminum oxide. These bands are composed of hundreds of tiny traction points that enable GRIPS-LITE™ to offer increased traction above and beyond that of normal rubber-soled shoes and boots. The sandpaper-like bands are both **non-conductive** and **non-sparking**.

GRIPS-LITE™ are extremely versatile. Not only will they help to increase traction in slick conditions, but they are also safe to wear indoors as well as while driving, making them the perfect solution for any type of delivery personnel.

TRAINING VIDEO: LEARN MORE ABOUT HOW GRIPS-LITE™ CAN REDUCE YOUR COMPANY'S SLIPS AND FALLS, MAXIMIZE THE EFFECTIVENESS OF YOUR GRIPS-LITE™ PROGRAM BY TRAINING ALL GRIPS-LITE™ USERS.

VIDEOS ARE FREE UPON REQUEST.
