Solopol® GrittyFOAM

Heavy Duty FOAM Hand Cleanser

FACT:
Solopol® GrittyFOAM
provides up to 45% more
hand washes per liter
compared with
conventional hand
cleansers

Suitable for any industrial worker encountering medium to heavy contamination on their hands such as oil, grease, general grime and many other common workplace soilings.

Saves Money

3ml of concentrated liquid cleanser is infused with air and transformed into 15ml of Solopol® GrittyFOAM to provide up to 45% more washes per liter* compared to traditional heavy duty hand cleansers.

Preferred by Users

Studies show 9 out of 10 users* prefer Solopol® GrittyFOAM compared to traditional hand cleansers because of its cleaning performance, ease of use and soft skin after-feel.

Solopol® GrittyFOAM The Experience

1
Apply to dry
hands

2
Rub hands
together

3
Rinse well
and dry
thoroughly

Two shots **V** One shot

Two shots (4.4ml) of
traditional heavy duty
hand cleanser

One shot (3ml) of
Solopol® GrittyFOAM

Better for the Environment

Using Solopol® GrittyFOAM reduces the quantity of product washed down drains and the level of water consumption. It is USDA BioPreferred® to independently verify that the formulation contains 80% of renewable bio-based ingredients and is certified to meet respected environmental standards including UL-EcoLogo. Solopol® GrittyFOAM contains no pumice and therefore won't clog drains or abrade hands.

* Industrial Survey, Deb Group, August 2012.

* Estimate based on 4.4mL of traditional liquid soap per hand wash.
