HIGH PERFORMANCE INDUSTRIAL MARKERS

SILVER-STREAK® METAL MARKER (SILVER)

Markal Silver-Streak metal markers are ideal when highly-visible, torch-resistant marks are required during metal layout and fabrication work. The unique reflective lead is more visible through a welder's filter plate and will not rub, burn or blow off like soapstone. Marks on all metal surfaces including oily or wet.

FEATURES & BENEFITS:

Highly visible marks illuminate when cutting or welding

Superior to soapstone in markability and durability; will not rub, burn or blow off surface

Marks on oily, wet or rusty metals, and will not scratch or abrade surfaces

Available in flat and round shapes

Durable holders prevent stick breakage

Durable, mechanical holder prevents stick breakage and features a convenient, built-in sharpener and pocket clip for easy storage.

For low corrosion (low chlorides/halogens) applications, see **Silver-Streak/Red-Riter Metal Marker - Low Corrosion Shapes**

Made in U.S.A.

INDUSTRY USES:

Welding

Metal fabrication

Ship building and repair

Bridge fabrication

Construction

SURFACE USES:

Steel and iron

Aluminum

Stainless steel

DETAILS:

96004 Silver-Streak - Flat
96006 Silver-Streak - Round

96107 Silver-Streak - Round & 6 Refills
96018 Silver-Streak - Flat Refill, 25 Pack

96002 Silver-Streak - Flat Refill, 100 Pack
96007 Silver-Streak - Round Refill, 6 Pack
