TITANIUM 9400i™
256177

InfoTrack™

Exclusive technology allows the lens to track arc time while under the hood. Includes a digital clock display with the ability to set an alarm or timer.

EXTERNAL GRIND

Allows welder to switch to grind mode with the push of a button.

HEADGEAR

Provides extensive adjustability settings and a pivoting top for better fit and comfort.

DIGITAL CONTROLS

Easily allow welder to adjust shade (5-8, 8-13), delay, sensitivity and InfoTrack.

“The 9400i with flip-up shield is making us more efficient and keeping us safer.” - J.F. Ahern Co.
