

# PIG® Super Absorbent Pillow

#PIL205 - 8" x 20" x 1.5" • Absorbs up to 1 gal. per pillow • 14 pillows

Stitch-bonded skin makes these pillows tough enough to go through a wringer. Soak up big leaks and spills, then reclaim the liquids!

- Extra-tough, stitch-bonded polypropylene skin resists bursting for use with a wringer or other demanding applications
- Pillow has large surface area, high capacity and fast-wicking filler to quickly soak up liquids
- Cellulose filler is highly absorbent for long-term use or big spill cleanup
- Compact design is great for catching persistent drips and leaks in small spaces or adding absorbency for spill response
- Absorbs most common industrial liquids - oils, water, solvents, coolants; not recommended for acids, bases or other corrosive liquids
- Wringable for reclaiming absorbed liquid
- Recycled content is ideal when green products are desired or required
- Can be incinerated after use to reduce waste or for fuels blending

Always in stock. Ships within 24 hours.
