

Microfiber

TRADITIONAL WET & DUST MOPS

**THE CLEANING POWER
OF MICROFIBER**

Save Time, Save Money, Clean Better

WEB FOOT® MICROFIBER TUBE MOPS

Innovative tube design stands up to abrasive cleaning and heavy-duty scrubbing with excellent absorbency.

2X

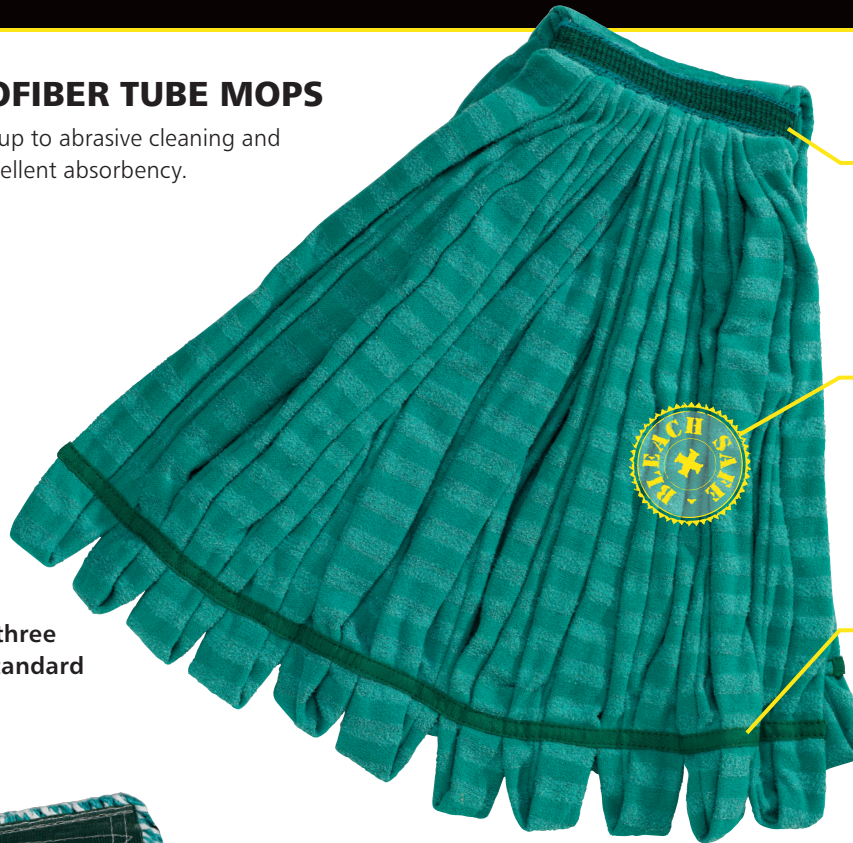

the cleaning power
of cotton mops*

54%

faster cleaning than with
standard cotton mops*

200+

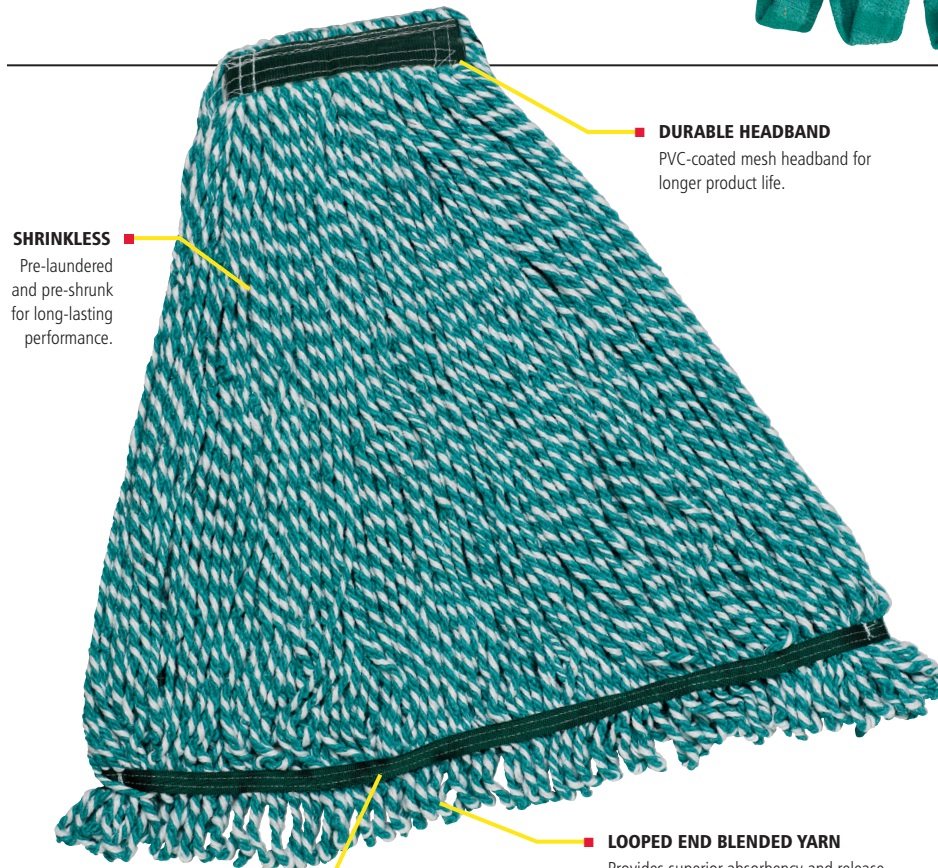

laundering with bleach in
200° F water—withstands three
times the laundering of standard
blend mops*

■ **DURABLE HEADBAND**
PVC-coated mesh headband
for longer product life.

■ **BLEACH SAFE**
in laundry and use.

■ **DOUBLE-STITCHED
TAILBAND**
Improves durability and
eliminates streaking.

■ **SHRINKLESS**
Pre-laundered
and pre-shrunk
for long-lasting
performance.

■ **DURABLE HEADBAND**
PVC-coated mesh headband for
longer product life.

■ **LOOPED END BLENDED YARN**
Provides superior absorbency and release
for faster drying floors and improved
productivity.

■ **DOUBLE-STITCHED TAILBAND**
for improved durability and
launderability.

WEB FOOT® MICROFIBER STRING MOPS

Great for smooth to rough floors and
large spill pickups.

2X

the cleaning power
of cotton mops*

48%

faster cleaning than with
standard cotton mops*

100+

laundering—withstands twice the
laundering of standard blend mops*

(up to 28% post-consumer recycled PET plastic
and 21% post-industrial cotton)

*Based on internal testing.

TRADITIONAL CLEANING CALLS FOR THE POWER OF MICROFIBER

Rubbermaid Commercial Products Web Foot Microfiber Mops are designed to work with all traditional wet mops handle styles.

RUBBERMAID INVADER®
Side gate style for use with 1" headbands.

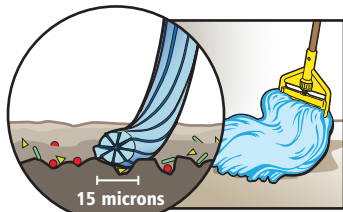

RUBBERMAID GRIPPER®
Clamp style for use with 5" headbands.

Rubbermaid Web Foot® Microfiber Mops provide maximum cleaning power with best-in-the-industry split microfiber yarns.

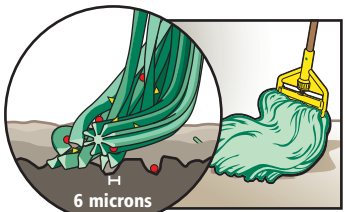

COTTON FIBER

- Cotton fibers are too large to clean crevices where bacteria, spores, and viruses hide
- Tests prove cotton fibers remove only 65% of these contaminants

TRADITIONAL NON-SPLIT MICROFIBER

- While half the size of cotton fibers, non-split microfiber is still not fine enough to effectively remove pathogens
- Tests prove non-split microfiber also leaves contaminants behind

RUBBERMAID SPLIT MICROFIBER

- Exceptionally fine, premium quality Rubbermaid split microfiber penetrates microscopic crevices where cotton and non-split microfiber can't reach
- Tests prove Rubbermaid split microfiber traps, holds, and removes 95% of contaminants

1 micron = 0.00004 inches.

Smarter Floor Care

MICROFIBER LOOPED-END DUST MOPS

Split microfiber yarn combined with premium blend mop yarns for superior cleaning.

80%

more dust and dirt removed than with traditional cotton dust mops

100+

laundryings—withstands twice the laundryings of standard blend mops*

(up to 42% post-consumer recycled PET plastic and 28% post-industrial cotton)

Works with standard 18", 24", 36", and 48" dust mop frames and handles.
