

# 9100 SYSTEM

## DTM EPOXY MASTIC

Direct-to-metal

Direct-to-tight rust

Concrete floors

2-part solvent-based epoxy

### Superior protection that requires no priming

- Maximum corrosion protection
- Applicable floor to ceiling
- Less prep and application time
- VOC compliant

# 9100 SYSTEM

## DTM EPOXY MASTIC

### Versatile, High-solids, Two-component Epoxy

**Less Prep Time** • Applies direct-to-metal or direct-to-tight rust

**Less Application Time** • Self-priming, 1-coat hide

**Less Downtime** • Less surface preparation & fewer coats

**Greater Lifetime Value** • Maximum corrosion, chemical, impact & abrasion resistance\*

### Typical applications

Steel Beams • Structural Steel • Towers  
Concrete Floors • Industrial Equipment  
Storage Tanks • Sewage Treatment Basins  
Steel Handrails • Conveyors  
Non-Potable Water Storage Facilities

### Typical industries

Industrial Manufacturing • Chemical Processing  
Pharmaceutical • Food & Beverage Processing  
Crude Oil & Petroleum • Pulp & Paper  
Power Plants • Pools & Theme Parks  
Water Treatment • Warehouses

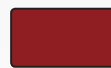

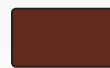

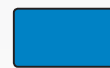

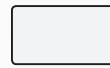

### Activators for a variety of conditions

Convenient 1:1 mixing ratio of base and activator

ACTIVATORS	9100 System <340 VOC g/l	V9100 System <250 VOC g/l
Standard Activator	9101402	205015
Immersion Activator	9102402**	214430**
Low Temperature Activator	N/A (use 9103402)	9103402
Fast Cure Activator	9104402**	214432**

### Colors (Base)

This is a two-component system. Order base and activator separately. Base formula works with all activators.

 Dunes Tan 9171402	 Marlin Blue 9122402	 Equipment Yellow 9145402	 Regal Red 9165402	 Tile Red 9168402	 Safety Blue 9125402	 Safety Green 9133402
 Safety Yellow 9144402	 Navy Gray 9186402	 Silver Gray 9182402	 Black 9179402	 White 9192402	 Aluminum 9115402	 Buff 266693

Tint Bases Available for Custom Colors:

Masstone: 9107405 • Deep: 9108421 • Light: 9109408 • Red: 9105405 • Yellow: 9106405

Direct-to-metal

Direct-to-tight rust

Concrete floors

Custom colors available

\*See Epoxy Advantage Sheet (Form #206851) for test results \*\*Not for use with tint bases
