

## SEAL Pup - Nylon

The SEAL Pup carries on the proud tradition of quality and service renowned in the original SOG SEAL Knife 2000. The SEAL Knife surpassed one of the most extensive testing and evaluation programs ever undertaken by the U.S. Government. For those who want all of the benefits of the original SEAL Knife, but in a smaller

version, we have created the SEAL Pup. This stowable blade is an excellent field companion for outdoor and underwater adventures. Like its big brother, the SEAL Pup has a partially serrated blade that is powder coated to increase durability and rust resistance. Its lightweight, glass-reinforced nylon handle features a raised diamond pattern for secure gripping in inclement weather.
