

Brady's SPC Spill Response Plus Absorbents

www.BradyID.com/spc

SPC Spill Response Plus absorbents provide high absorbency and reliability for small spill applications.

Brady's SPC Spill Response Plus (SRP) is a smaller absorbent that works to prevent slips, trips and falls that commonly occur in the retail, hospitality, and grocery markets. By using proper absorbents for your small spill applications, employee and customer injuries will decrease and lower the risk of accidents occurring.

Unique Size

- Ideal for small spills such as perfumes, soda, soups, milk, etc.
- Employees can fold and carry pads in their pockets, allowing for quick response to spills

Durable

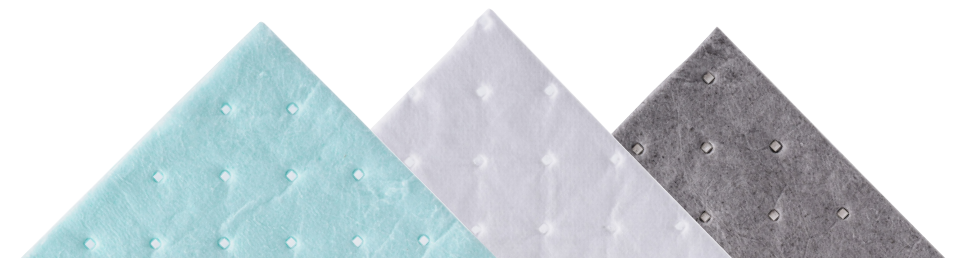

- Dimpled design provides better looking, stronger product
- Perforated roll — reduces waste since you only use what you need

Low Linting

- Removes lint from clothing, displays and products
- Results in a cleaner, better looking storefront

Highly Absorbent

- 50% more absorbent than leading products
- Variety of configurations, including pads, kits, rolls, oil only, universal, universal plus

Visit www.BradyID.com/spc for more information about the SRP absorbent.
