

# WOOSTER®

# Big Ben®

Twice the coverage  
takes half the time!

## Big Ben 18" Roller Frame

The Big Ben Frame is ready to paint in seconds with any 18-inch roller cover, standard or jumbo diameter. Cover installation and removal is quick and easy since there's no hardware to adjust or tools required. The extra-strong polypropylene construction means the frame is tough, rust-proof, and a breeze to clean. Lock the Big Ben onto a Sherlock GT® pole for no-twist painting, or use it with any threaded extension handle.

## Big Ben Tray

With a one-gallon working capacity, the Big Ben Tray saves time by cutting down on refills. At 21-inches wide by 16-inches long by 4-inches deep, this tray is the ideal companion for any 12- to 18-inch roller frame. When not using a larger frame, the Big Ben Tray will accommodate a miniroller, standard roller, and brush—all at once. Built-in compartments hold brushes and other tools, keeping them off the floor.

Turn for more time-saving tools...

# Big or small, Ben saves time painting it all.

## Little Ben® 12" Roller Frame

Little Ben offers the same performance, durability, and ease of use as its big brother, just in a smaller size. At 12-inches wide, the Little Ben frame increases production to help painters race through the 12 hours on any clock.

## Mohair Blend™

Naturally smooth-painting mohair blended with resilient polyester to deliver a mirror-like finish on untextured surfaces. Shed-resistant for all paints, enamels, urethanes, epoxies, and floor coatings.

## Pro/Doo-Z®

Interlocked fibers prevent shedding to create a professional finish that is unmatched by other synthetic rollers. Dense, high-capacity fabric excels with all paints, enamels, primers, urethanes, and epoxies.

## Super/Fab®

High paint capacity and complete coverage made Super/Fab the world's best-selling professional cover for 40+ years. Use with all flat to satin paints, stains, and waterproofing sealers.
