

# Group Purchasing Organization (GPO) Advantage

## Leverage your buying power and save.

Our top priority is to ensure compliance with all of your organization's processes and needs. This allows you to focus on keeping your organization running smoothly while enjoying solutions that save you time and money. GPO memberships are available for Canadian Municipal, Academic & Higher Education, and Healthcare (MASH) sectors, as well as Non-Profit and Indigenous groups.

---

## What sets Grainger apart.

### Streamline your ordering processes

By having a partner you can trust, we can help your team find efficiencies when purchasing and managing your inventory.

### Product specialists and technical expertise

We will work tirelessly to provide you with proactive solutions, insights into industry trends, and the product information you need with a dedicated support team.

### Our dedicated team is here for you

We work to understand how to maximize your budget by using proactive solutions and a wide selection of products so you don't have to shop around.

### Long-term value

Enjoy a multi-year offer with no minimum spend or contract — allowing you to plan your budgets well into the future.

---

## Your savings start here.

Enjoy market competitive category discounts that are available to you, in addition to the ability to customize products to fit the specific needs of your organization. Best of all, you'll be able to take advantage of your program benefits right from grainger.ca.

---

## Save time and money with Grainger.

Maximize your benefits by saving on the items that keep your institution running.

### We can help you:

- Manage your costs
  - Maximize your productivity
  - Reduce administration
  - Relevant Category discounts with ability for local customization
  - Be Trade compliant
